

Stage 1

Problem

Specially abled people face difficulty in finding suitable jobs due to lack of accessible platforms and inclusive hiring opportunities.

Solution

A dedicated jobs portal that connects specially abled candidates with inclusive employers through accessible and supportive digital features.

Stakeholders

Name	Roles and Responsibilities
Disabled Person / Family	Create profiles, search and apply for suitable jobs, update skills, and support the candidate in career decisions
Employees / Company	Post job vacancies, review applications, provide inclusive job opportunities, and communicate with candidates
Admin of Website	Manage the platform, verify users and job posts, ensure accessibility compliance, and maintain system security

Features

- Accessible Interface
- Skill-Based Matching
- Verified Employers
